

President Wilson's Answer *To the Kaiser Has Set the World Ablaze*

THE WORLD'S BURDEN BEARER

The Appeal Comes From Every Civilized Nation and World
Renowned Statesman

STAND BY THE PRESIDENT

Give Him a Democratic Congress and a Democratic State Administration

Ex-Presidents Theodore Roosevelt and Benjamin Harrison made a similar appeal for President McKinley in 1898 during the Spanish-American war; and Americans responded. How much more important it is now with the World's Peace and Happiness at stake, and this great responsibility rests upon the shoulders of our Super-Human President. ADJOURN POLITICS and relieve the President of the unnecessary load of petty partisanship, in order that he may make a speedy and permanent peace, and the glory and credit shall be yours—
A Sovereign American Citizen. Sincerely yours,

J. B. A. ROBERTSON, Nominee for Governor
